

***MY ANGEL I Feel It, You Feel It
That This Was Meant To Be
I Know It, You Know It
That You Were Made For Me
We Can't Deny This
Day By Day It Gets Stronger
I Want It, You Want It
It's What The People Need To See
When We Make Love Its Overwhelming
I Just Touch The Heavens
You're My Angel!***

***This World Could Leave Us Any Day But My Love For Yoult Will Never Go Away
And I Don't Wanna Go To Sleep
Cuz' Ur Like A Dream
For Every Night I Say A Prayer And I Swear You're The Answer
You're My Angel!***

***So We Take It And Each Moment That I'm Close I See It
What We Have Is Made Of Gold
We're So Filled With Meaning
Nothing Can Make Us Shallow
So I Hold It
The Promise Of Tomorrow.***

***I Don't Need 3 Wishes
I Just Need One And That's For Us To Never Be Finished
For Us To Never Be Done
When They Say "It's Over"
We'll Just Say "I Love You"
And When They Say "It's Finished" We'll Just Keep On Building!***
